

## DID YOU KNOW?

**F**or families looking to take advantage of outstanding academics, athletics and extracurricular activities, as well as a very favorable student-to-teacher ratio, there aren't many options finer than the outstanding Lago Vista Independent School District.

*Offering exceptional schools from grades K-12, Lago Vista ISD strives for excellence in every endeavor, and best of all, it's now accepting transfers with no tuition fee!*

*We had the opportunity to visit with Suzy Lofton-Bullis, Ed. D., Deputy Superintendent at Lago Vista ISD to learn more about the district's success and desirability among families on the North Shore and beyond:*

**How is LVISD continuing to grow and expand to meet the needs of the North Shore community?** We have been very fortunate to experience very steady and manageable growth, which has allowed us to meet the needs of our increasing enrollment through strategic planning that involves our staff, parents, community members, and local area businesses. As we've grown, we've been able to add additional programs, such as our OnRamps dual credit courses at The University of Texas at Austin, and activities such as FFA and middle school cross-country. These decisions are made with thoughtful consideration of both our students' needs and the input of our amazing Lago Vista ISD stakeholders.

**Is LVISD accepting transfers from other school districts?** Yes, we are always happy to serve students and families who are looking the benefit from the small school district environment. Lago Vista ISD accepts out-of-district transfers on a year-round basis. Applications are reviewed on a case-by-case basis and decisions are based on class size and staffing availability. Unlike many of our neighboring districts, however, we do accept transfer applications at any point in the year, which has been quite an advantage for families that have moved to the area during the school year.
