Courtney & Devin Bushee

Who is the owner/owners of Dog Heart Grooming? Courtney and Devin Bushee are the owners and operators of Dog Heart Grooming. Courtney is an award-winning professional pet stylist with eight years of experience. Devin is a Navy veteran with two years of experience as a professional bather, having trained under Courtney who held him to the highest standards.

When and why was Dog Heart Grooming established? Dog Heart Grooming was established in January of 2015 with a lot of faith and prayer and are a faith-based company. The journey started in 2011 when Courtney McCoy began her grooming apprenticeship after God placed the desire on her heart to take up a career in dog grooming. She studied under 10 professional pet stylists to learn the in's and out's of all that goes into quality pet care. After a three-year apprenticeship, she spent a year working in many different grooming environments to hone her skills and also gain business experience. In 2015, Courtney felt confident in her abilities and within a few months, established Dog Heart Grooming. After his years of service in the Navy, her husband Devin, came back to his and Courtney's hometown of Lago Vista and jumped right on board with caring for the Dog Heart Grooming private clientele. In 2017, Courtney completed her K9 CPR and first aid certification and competed in three grooming competitions of which the highest award was given to Dog Heart Grooming for best overall mobile grooming vehicle including cleanliness, graphics, business practices, originality, best use of space and more.

On a daily basis, how many dogs does Dog Heart Grooming handle? Dog Heart Grooming is all about quality over quantity. All of their clients are seen on a monthly and annual basis to keep them well cared for year round. They aim to limit themselves to no more than five houses a day and a maximum of six dogs so they are never rushed or too tired to safely and effectively groom a dog to their high quality standards. Dog Heart Grooming specializes in making dogs look and feel their very best and put love and care in every hair.

What types of grooming does Dog Heart

Grooming offer? Dog Heart Grooming offers a wide range of grooming services specially tailored to each and every individual pet as well as monthly luxury mobile grooming. They also offer mobile nails on wheels. Plus, Dog Heart Grooming comes right to your doorstep!

What are some changes Dog Heart Grooming has had on everyday life?

What began as a simple message from God has turned into a life-long love and passion. Dogs are everything to Courtney and Devin. Dogs give them unconditional love and they deserve unconditional care. Courtney and Devin believe they are so blessed to have such an amazing opportunity to love and care for peoples k9 companions. Their lives are better for having so many dogs in it. Each dog they care for has a special place in their hearts.

What is the future for Dog Heart Grooming?

Courtney states, "As with any business, growth and sustainability are essential but we will always put quality pet care at the top of our priorities." In the years to come they hope to expand from one mobile spa to six. Three residing in the Austin and surrounding areas and three for the future home state of Tennessee. They plan to surround the best of the best top quality pet stylists and dog lovers that share our same values and morals for quality pet care.
